Phuoc (Johnny) Nguyen

CONTENTS

Introduction

Requirements & Constraints

Engineering Standards

Intended Users and Uses

Introduction

Who?

- Nathan - the manager at Reiman Garden.
- Kathleen - volunteer lead.

What?

- Need to keep track of the stencil during the event.

When?

- Halloween

Where?

- Reiman Gardens

Requirements & Constraints

Requirements:

- Functional Requirements

- Economic/Market Requirements

- UI Requirements

Constraints:

- Accessible online through a browser on mobile and desktop.

- Fast response time for searching and showing stencil info from AI.
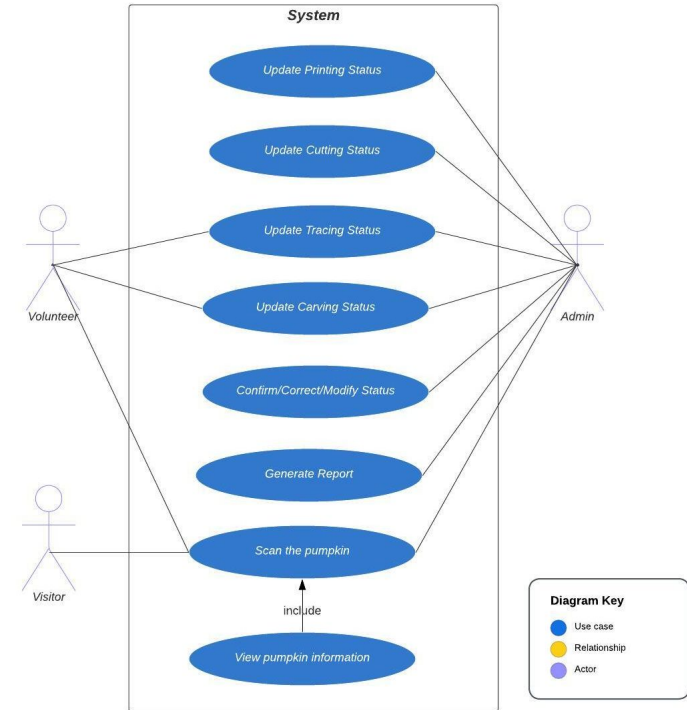

Engineering Standards

Standards:

- Software life cycle processes (12207-2017 - ISO/IEC/IEEE International Standard)

- Test processes (29119-2-2021 - ISO/IEC/IEEE International Standard)

- Life cycle processes -- Requirements engineering

  (29148-2018 - ISO/IEC/IEEE International Standard)

- W3C Standards for web design and application and web architecture

Intended Users and Uses

Users:

- Volunteer Admins

- Volunteers

- Visitors

Conclusion

- Systems in the future

- Ideas, improvements, and expansions
